

## TCTC INDOOR DINING GUIDELINES

The Governor has set strict guidelines for serving customers in our dining room. We will continue to follow all CDC guidelines for sanitizing and social distancing in our waiting areas at curbside, in our seating areas in the garden, and inside the retail store and cafe.

- **Face mask requirements:** All customers who enter the indoor dining area must wear a mask at all times except while seated and eating. Please wear your mask when walking to/from the rest room.
- **Please sanitize your hands** in the entryway before coming inside.
- **Reservations are required for indoor seating:** we are limited to 50% capacity, so please call ahead to reserve a table. Due to the small dining area and limited hours, reservations will be limited to 1.5 hours each.
- **Our indoor dining room will offer counter service only:** For the safety of our employees we will not be serving customers directly at tables.
- **To place an order:** Please place your order and make your payment at the counter on the RETAIL side of the store, and leave your name with the clerk. When your food is ready we will place it in the pick-up area (the round table at the end of the counter) and we will call your name.
- **Please follow the arrows and observe the 6 foot social distancing** requirements when possible.
- **We prefer to go paperless,** but paper menus for food and tea are available upon request. Food menus can be found on our website along with all of our teas.
- **All utensils, plates, and napkins are disposable.** We respectfully request that you clear your tables of all paper products and dispose of them in the waste receptacle in the dining areas. The black bins are for CHINA only.
- **Tables are limited to 6 people per table.**

***We thank you for your continued patronage during these challenging times!***
