

The Cozy Tea Cart^{LLC}
Indulge Yourself in a Cup of Comfort

New Hampshire lifted COVID restrictions for all indoor activities on June 2nd. This milestone allows us to transition our cafe and retail store into post-COVID protocols.

- Although mask requirements for our customers are phasing out, safety will continue to be important to us.
- We will require staff members to wear masks throughout the summer, for the safety of all our employees and customers.
- We will continue to thoroughly sanitize tables, chairs, and booths between guests to minimize any ongoing risk of COVID transmission.
- Our cafe and outdoor garden seating will also be returning to 100% capacity, meaning our tables and tea bar stools will be seated more closely than the 6 foot standard in place during the pandemic.
- We expect our customers and employees to have various comfort levels as we get back to normal, and ask that everyone stays respectful of each other as we transition.
- We absolutely welcome you to continue wearing a mask in our cafe and retail store if you prefer.

Thank you for your incredible support
over the last 14 months – we'll see you soon!
